I couldn't agree more. One more time, I have never talked about this kind of abuse publicly, so the fact that he talks about it and was the one who brought it up means he's being briefed. There does not need to be a report or "dna." The fact that he continues to bring this up

He is being briefed about it all, but he gets off on that shit, he's no power anymore because it's the same tired shit he keeps repeating. The shock factor from him is gone. Ah well another fail for scientology, nothing new there.

She's a Scientologist but she accused them of obstructing justice in her rape case? Then cussed me out for telling her I have no interest in being a Scientologist in my home. I mean.... I just don't even know what's happening anymore.

She's batshit crazy. Seriously if she and Fetti are the best OSA has to throw at you, then they're in serious trouble. This one's a hot mess!
